

City of Seattle

---

Gregory J. Nickels, Mayor  
**Department of Planning and Development**  
D. M. Sugimura, Director

**CITY OF SEATTLE  
ANALYSIS AND DECISION OF THE DIRECTOR  
OF THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

**Application Number:** 3003495  
**Applicant Name:** Louis and Ann Mladenovic  
**Address of Proposal:** 2814 SW Adams Street

**SUMMARY OF PROPOSED ACTION**

Master Use Permit to subdivide one parcel into four unit lots (Unit Lot Subdivision). The construction of townhouses has been approved under Project No. 2500916 / Permit No. 750541. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

The following approval is required:

**Short Subdivision** – To subdivide one parcel into four unit lots.  
(Chapter 23.24, Seattle Municipal Code).

**SEPA DETERMINATION:** ☒ Exempt ☐ DNS ☐ MDNS ☐ EIS

☐ DNS with conditions

☐ DNS involving non-exempt grading or demolition,  
or involving another agency with jurisdiction.

**BACKGROUND DATA**

Zoning: Residential, Multifamily Lowrise 1 (L-1)

Uses on Site: One single-family residence.

### Substantive Site Characteristics

This 6,374 square foot subject site (the “parent lot”) is a rectangular lot that fronts on SW Adams Street and is just west of 28<sup>th</sup> Avenue SW. The site is located within a Residential, Multifamily Lowrise 1 (L-1) zone. The site is not located in any mapped critical areas.

### Proposal Description

The applicant proposes to subdivide one 6,374 square foot parcel (the “parent lot”) into four unit lots with the following lot areas: Unit Lot A) 1,561 square feet, Unit Lot B) 1,575 square feet, Unit Lot C) 1,612 square feet; and Unit Lot D) 1,626 square feet. Vehicular access for required parking for all proposed unit lots will be via an ingress, egress, and utility easement that run north from SW Adams Street along the western portion of Unit Lot B and the eastern portion of Unit Lot A to an area between the buildings. Parking is within each building and can be accessed via this easement. Pedestrian access to Unit Lots A and B is from frontage along SW Adams Street. Pedestrian access to Units Lots D and E from SW Adams Street is from the vehicular easement that runs north to this 2-unit building.

A Master Use Permit for the demolition of an existing single-family residence, establishment of a single-family and townhouse use, and construction of two single-family units and one 2-unit townhouse building with attached garages has been reviewed and approved (under Project No. 2500916 / Permit No. 750541). The subject of this analysis and decision is limited to the subdivision of land.

### Public Comment

The comment period for this proposal ended on November 16, 2005. During this period, one written comment letter related to this project was received.

### **ANALYSIS - SHORT SUBDIVISION**

Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition, or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*

4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees; and*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single family housing.*

#### Summary - Short Subdivision

Based on information provided by the applicant, referral comments from DPD, Water (SWD), Fire Department (SFD), Seattle City Light, the Building Plans Examiner, the Drainage Section of DPD, and review by the Land Use Planner, the above cited criteria have been met subject to the conditions imposed at the end of this decision. Detailed discussion of Criterion #7 follows below.

The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions set forth in the Land Use Code and are consistent with applicable development standards. As conditioned, this short subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply, and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposal site is not located in an environmentally critical area; therefore SMC 25.09.240 is not applicable. The proposed plat maximizes the retention of existing trees. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

#### **ANALYSIS –UNIT LOT SUBDIVISION (CRITERION #7)**

Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single-family housing.

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit*

*application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*

- C. Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*
- E. Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by an easement on the plat, as recorded with the Director of King County Development of Records and Elections.*
- F. The facts that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.*

#### Summary - Unit Lot Subdivision

Review of this application shows that the proposed short subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. The proposed developments are townhouses. The structures, as reviewed under their separate building permits, conform to the development standards for the time the permit application was vested. To assure that future owners have constructive notice that additional development may be limited; the applicant will be required to add a note to the face of the plat that reads as follows: *“The lots created by unit subdivision are not separate building lots. Additional development on any individual lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”* A joint use and maintenance agreement will be required as conditioned at the end of this decision.

#### **DECISION – UNIT LOT SUBDIVISION**

The proposed Unit Lot Subdivision is **CONDITIONALLY GRANTED**.

## **CONDITIONS – UNIT LOT SUBDIVISION**

### *Conditions of Approval Prior to Recording*

The owner(s) and/or responsible party(s) shall:

1. Provide corrections to the final plat as noted in the Land Use Plans Correction Notice of November 14, 2006, which should include building footprints and distances from all property lines.
2. Include the Joint Use/Maintenance Agreement on the final plat.
3. Include the required utility easements from Seattle City Light on the face of the plat and in the legal descriptions of the affected lots.
4. Post an address sign to benefit all units at a location visible from SW Adams Street and provide an easement, covenant, or other legal agreement to ensure that the address signage is maintained.
5. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences, or structures shall be shown. Lot areas shall be shown on the plat. The lot areas of each parcel shall be shown on the recording documents.
6. Include the following on the face of the plat: *“The lots created by unit subdivision are not separate building lots. Additional development on any individual lot in this unit subdivision may be limited as a result of the application of development standards to the parent lot pursuant to applicable provisions of the Seattle Land Use Code.”*
7. Submit the recording fee and final recording forms for approval.

### *Prior to Issuance of any Building Permit*

The owner(s) and/or responsible party(s) shall

1. Attach a copy of the recorded short subdivision to all permit application plans for any application for a permit to construct, demolish, or change use.
